FOR PRESIDENT,
BENJAMIN HARRISON,
Of Indiana.

FOR VICE-PRESIDENT,
LEVI P. MORTON,
Of New York.

Saturday, August 4, 1888

NOTICE

Readers of the EVENING GAZETTE, going out of town for the summer, can have the paper mailed to them to any point on the Pacific Coast for 50 cents per month, postage free.

The case of South Dakota which has been denied admission by the Democratic Congress, has been well stated by General Harrison. When, to what he says, is added the fact that West Virginia alone possessed the wealth and population of South Dakota when admitted, that North and South Dakota petition to be separately admitted, that South Dakota has a greater population to-day than some of the States, it shows pretty clearly that Democratic fair play to the Territories, embraces only such as are of their own political complexion. Indeed it was a Democratic Congressman who boldly said: "Are we d—n fools enough to make new Republican States before November," in which statement is the key-note to the ill treatment Dakota has received. It is thus General Harrison puts its case: "In South Dakota there are nearly half a million people. For years they have been knocking for admission to the sisterhood of States. The Territory has more people, more miles of railroad, more postoffices, more churches, more banks, and more wealth than any Territory ever possessed when admitted to the Union. Our people are called upon to take part in a Presidential election, and the intelligent and patriotic people of Dakota are deprived of any participation. They are deprived of their appropriate influence in the Electoral College only because the prevailing sentiment is Republican. If we appropriately express sympathy with Irish home rule, shall we not also demand home rule for Washington and Dakota? The day when men can be disfranchised or shorn of their political power for opinion's sake must have an end in this country."

A MATTER in which the workingmen are vitally interested is the restriction or regulation of immigration. Upon the subject all kinds of organizations have spoken, and especially labor unions, asking Congress to take some action which will restrain what is an apparent growing evil. The investigation now underway by a Committee of the House is a step in the right direction and should be vigorously prosecuted. America has reached such a stage that she can no longer continue to appropriate and assimilate from half to three-quarters of a million of emigrants, the great majority of whom are totally ignorant of the country and its institutions and who have to be educated by the experience of a long series of years, without incurring a most grievous danger. Against this constantly augmenting stream of competition the laboring men of America are entitled to protection, and if the committee shall devise some means by which it may be restrained or restricted it will have performed a duty which will entitle the members to the profound consideration and respect of the public.

STEWART SUCCESSFUL

His Pet Scheme on a Fair Way to be Consummated.
WASHINGTON, Aug. 4.—Senator Stewart has secured the adoption of an amendment to the Sundry Civil bill in the Senate appropriating \$250,000 for the survey of the Rocky Mountain and Pacific Coast regions to ascertain what lands might be irrigated and where reservoirs should be built and where canals and ditches should be run to redeem the half desert land in those parts of the country.

Sensor Stewart has been instructed to present a bill authorizing the payment of the California and Oregon water claims.

OVER THE WIRES.

Langtry to Marry Gebhardt.

Stewart Pushing His Reservoir Scheme.

"Blinkey" Morgan Executed—The President to Visit Maine—Etc.

HORRIBLE EXECUTION.

Hanging of "Blinkey" Morgan at Columbus, Ohio.
COLUMBUS, Ohio, Aug. 3.—"Blinkey" Morgan was executed here early this morning. Warden Coffin and associates escorted Morgan to the scaffold before the crowd arrived. Last evening Morgan requested that Jack Roe, Sheriff Sawyer and two other detectives from Cleveland be admitted to see him executed. The warden said that the request would be complied with, but when the door opened and they passed in with others, Jimmy Maguire, a friend of Morgan's, present by his request when he saw the detectives, said: "As a friend of this man, I protest against the presence of these murderers." Morgan stood just to the left of the trap, with his arms folded behind him and looked calmly down upon the scene. Warden Coffin stepped up to the railing and said: "You must keep still or go out, and the detectives must go out, too." Maguire left the room, and Morgan in a quiet voice said to the warden, "Ask him to come back." The warden called to Maguire to return, but he said, "No, I prefer to go, I don't want to see this." When quiet was restored, the warden read the death warrant. Morgan, who was dressed in a neat suit of black and wore a bouquet of roses in his buttonhole, grew restive. Several times lumps rose in his throat during the reading, but he was perfectly self-possessed. The warden asked him if he had anything to say. He said: "No," and stepped on the trap. Just before the cap was pulled over his eyes Deputy Cherington asked him if he wanted his glasses taken off. He said, "No." The cap was pulled over his head and he sang out in a clear, musical voice, "Good bye, Nellie," and the trap was sprung. He fell seven feet. The straps came off of his arms and he began trying to pull the rope off his neck. The physicians grabbed his hands and held them down until he died of strangulation.

THE PRESIDENT.

His Letter of Acceptance Likely to Follow the Line of His Tariff Message.
WASHINGTON, Aug. 4.—The President's letter of acceptance has not been completed, and none of the party leaders have seen even the rough draft of it. Some of them have urged the President to issue the letter soon, but he has intimated that he does not think there is any special haste. None of the Cabinet have seen it or been consulted about it except in the sense that they have talked over with the President party politics in general. It is expected that the President will follow the lines of his December message in his letter, and declare for a reduction of the revenues to the actual necessity of the Government.

A VISIT TO MAINE.

SORRENTO, Maine, Aug. 4.—President Cleveland is expected here this month with Lamont and Whitney. The visit is both for pleasure and politics.

MOONSHINERS.

A posse of officers ran outlaws into an old Mining Drift.
BIRMINGHAM, Ala., August 3.—A telegraph operator at Bookton, who has arrived here, gives some details of a bloody tragedy which occurred in Bibb county. For some time a gang of Moonshiners has been operating around the coal mines and railroad camps in that neighborhood, and they became so bold that they defied arrest. The last United States Marshal who visited that section was run out and ordered never to return. Last Sunday the gang waylaid and murdered a prominent citizen of the county for his money. This aroused such excitement that a posse was organized to hunt the outlaws. They were soon found, and after an exchange of shots the Moonshiners took refuge in an old drift of the Brierfield coal mines. The posse of citizens determined to starve them to death if they would not come out and surrender. Monday night one of the Moonshiners made a bold dash for liberty, but was shot by the posse and fell dead. The rest of the gang are still in the mines and the posse is standing guard.

Fighting Wells.

GAVLSTON, Texas, Aug. 4.—The first of ten artesian wells being bored for the City Water Works system under contract was developed yesterday into a flowing well, with a capacity estimated at between 250,000 and 300,000 gallons per day. The contract calls for ten wells to supply 2,000,000 gallons daily, for which the contractor is to receive \$180,000.

SAD NEWS FOR SAM.

Mrs. Langtry Will Succumb to the Disease and Marry Gebhardt.
NEW YORK, Aug. 4.—The Mail and Express says this evening that Langtry will in all probability retire to private life after fulfilling the contracts already made for the coming season. She went upon the stage to make money, and has made it. From reliable sources it is learned that her wealth is not far from \$1,000,000. The Commission who is now in Europe to look up and buy for her a new play is significant only in so far as it is an investment. It is no longer a secret that Mrs. Langtry and Gebhardt are to be married in a few weeks, not in a secret, that the Langtry season will not begin for four months. Then she will follow her usual custom of buying property in every town where she appears that she believes to be a thriving place. This is her secret of accumulation of wealth. Her real estate is valued to-day at \$800,000.

Sheridan's Condition.

NEW BEDFORD, Aug. 3.—There are rumors in Nonquitt that there is some change in Sheridan's condition. He seems to have reached the stage in convalescence where no change can be perceived in 48 hours or even in twice that period. As far as can be ascertained improvement was made during the last eighteen days at Nonquitt, and since then there has been hardly any perceptible alteration. He reads proofs of his book and sees his children in the evening.

Cleveland's Pension Bill Referred.

WASHINGTON, Aug. 3.—In the discussion regarding pensions in the House to-day McKinney of New Hampshire defended the President from the charge of being an enemy of the soldier. He said that during his term of office he had signed 1,264 private bills as against 1,524 signed by all the Republican Presidents from Lincoln to Arthur. He had signed bills carrying general pension legislation which applied to 144,360 persons.

Gladstone's Ambition.

LONDON, Aug. 4.—Gladstone, expressing thanks to the Sheffield deputation for the present on the occasion of his golden wedding, said that when he secured Home Rule for Ireland his political work would be finished.

TELEGRAPHIC SERVICES.

M. DeLesseps says the Panama canal will be opened in 1890. Steps have been taken to prevent further trouble from the Indians at the San Carlos Agency.

A terrible explosion occurred in Wadsworth, England, yesterday in which several women were killed. Michael Deal, at Albia, Iowa, yesterday quarreled with his son, 27 years old, and finally shot him dead.

Chief Justice Fuller will not take the oath of office until the reassembling of the Supreme Court in October.

It is now believed that Sioux Indians will sign the treaty commissioners are now endeavoring to make with them.

A Russian cruiser has been ordered to Behring Sea to prevent English and American vessels from fishing in Russian waters.

Speaker Carlisle has agreed to aid Mr. Morrow in his effort to secure the passage of the Chinese Exclusion bill to operate under the new treaty.

Senator Davis yesterday introduced a bill to ratify the agreement made by the Northwestern Indian Commission with the Cœur d'Alene tribe of Indians in Idaho.

There now remains undisposed of five regular Appropriation bills—the Army bill, the Navy bill, the Sundry Civil Service bill, General Deficiency bill and Fortification bill.

In the Senate yesterday Stewart's resolution offered yesterday calling on the Secretary of the Interior for information as to cancelled desert land applications was taken up and adopted.

The first council of the Southern Utes and the Congress and Committee appointed to treat with them for their removal to Utah will be held at Ignacio, Col., about August 15th.

The Berlin newspapers here announce that the Emperor of Germany, the Emperor of Russia and the Emperor of Austria will meet at some point on the Austrian frontier in the autumn.

Kisses.
A prominent physician calls the kiss "an elegant disseminator of disease." He says, "fever is spread by it, so are lung diseases." He maintains that if the kissing custom were driven out of the land "it would save one-tenth of one per cent. of human lives" which are now sacrificed. Out upon the guarded and sealed kiss! Evidently kisses are not for such as he and the old for days the grapes are sour. Let him devote himself to making our women healthy and blooming and kisses may be kisses. This can surely be done by Dr. Pierce's Favorite Prescription which is magical in its effect, upon all diseases peculiar to females. After taking it there will be no more irregularity, no more headache, no more nervous prostration, no more general debility. All druggists. To regulate the Stomach, Liver and Bowels, Dr. Pierce's Pills excel. 25 cents a box; one dollar a course.

Greater benefits may be derived from the vacation season if, at the same time, the blood is being cleansed and vitalized by the use of Ayer's Sarsaparilla. An invigorant of appetite, vigor and buoyancy of spirits attend the use of this medicine.

Fryer's Astringent (ough Balsam is guaranteed to give immediate relief in Croup, Whooping Cough, Bronchitis and all affections of the throat. Price 75 cents, sold by W. P. N. per all druggists. Genuine blue preparations bear the fac-simile signature of D. F. Fryer.

At the Agricultural Grounds.
Matters at the Agricultural grounds are progressing rapidly. The grand stand is fast approaching completion and many of the stalls are already finished. The track is being raked, scraped and sprinkled every day, and if good work and plenty of it will make it the finest track on the coast it will surely be so. The road to the track, from where it intersects with the county road, will be flooded and worked on until it is as hard and smooth as asphaltum. It will be perfectly free from dust and will be one of the most delightful and fashionable driving thoroughfares to be found anywhere in the State. In fact the board of managers are doing good work and are to be commended for their energy and untiring efforts to make the new grounds the equal if not the superior of any to be found west of the Rockies. The GAZETTE will from time to time note the progress of the work.

A Democratic Official.

The Virginia Enterprise has the following to say of a former resident of Nevada: "Selden Hetsel, or Seldom Pay Hetsel, as he was affectionately called in Eureka, Nevada, where he graduated in the practices of law and made more money by it than by his practice, and who is now Register of the Land Office at Sacramento, Cal., is again in trouble. He is accused of accepting fees as an attorney for work connected with his office. Those who knew Mr. Hetsel would be much more surprised to read of his refusing to accept fees or anything else."

Notice.

The customers of the Reno Water Co. will please take notice that from and after this date, they will be required to use sprinklers or nozzles in irrigating. The universal custom of turning the water on at the hydrant and allowing it to run simply through the hose alone will have to be discontinued upon the ground that there is an unnecessary waste of water and of water; besides, in many cases flooding the streets.

The above conditions will be strictly enforced, otherwise the water will be shut off without further notice.
July 30, 1888. FREDERICK EVANS,
Supt. and President R. W. Co.
Jy30 1w

The Famous Dry Goods Store.

The above-named popular dry goods house has an advertisement in this issue which everybody should read. In it the house announces its semi-annual clearance sale, and unusually fine goods will be sold at a sacrifice. This sale is rendered necessary by the incoming stock of fall and winter goods, and room for it is imperatively necessary. Everybody should call and inspect the goods before the bargains are exhausted.

The Philadelphia Times (Dem.), quoting a statement that the betting in favor of Cleveland against Harrison is at the rate of 2 to 1 or at 3 to 2, recalls the fact that in July, 1872, the odds were in favor of Greeley against Grant, and in July, 1880, the odds were largely in favor of Hancock against Garfield.

Of the nine Justices of the Supreme Court of the United States one-third are now Democrats. Within the next year there will be all probability be three more vacancies. If Cleveland should be re-elected, the Bench would stand six Democrats to three Republicans before the end of his second term.

NEW TO-DAY.

POLITICAL ANNOUNCEMENTS.

Advertisements under this head will be published until the County Convention meet for \$10, invariably in advance.

For County Clerk.

Should be satisfactory to the Delegates to the Washoe County Republican Convention, and to the Taxpayers and Voters as well, I should deem it a favor to be recommended and re-elected County Clerk.
T. V. JULIEN.

For Constable.

S. W. UFFON ANNOUNCES HIMSELF A candidate for Constable of Reno Township, subject to the decision of the Reno Delegates to the Washoe County Republican Convention.

Notice.

TO THE DIRECTORS AND MANAGERS of all corporate and private water ditches taking water from the Truckee river for irrigating and other purposes in the Truckee Meadows. You are respectfully requested to meet at the Court-house on Tuesday, the 7th Day of August, 1888, at 2 o'clock P. M., for the purpose of devising some means of enjoining whomsoever it may be from obstructing the natural flow of water down the Truckee river. Immediate action is necessary in order to prevent great loss to present growing crops.

Lewiston, San Francisco; W. E. Gallagher, District; G. Lonchlin, D. Kent; W. T. Hale, Rye Patch; C. P. McPherson, Rye Patch.

CHURCH SERVICES.

BAPTIST CHURCH.—Services at the Baptist Church to-morrow morning and evening. Rev. C. L. Fisher, pastor. Subject for 11 A. M.: "A Free Service and its Fruit." At 7:30 P. M. the new pulpits temporary preacher, Mrs. Blake will preach. Come one and all and give this noted lady a good hearing. Regular covenant meeting Thursday evening at 7:45 P. M. Sabbath school at 12:15 P. M. The public are cordially invited.

CO-OPERATIONAL CHURCH.—

Services to-morrow at 11 A. M. and 7:30 P. M., conducted by the pastor, Rev. T. Magill. Sunday school at 12:15 P. M. Prayer meeting on Wednesday evening at 7:30 P. M. Subject for morning, "The Miracle of Life." Evening, "The Great Exodus." The public are cordially invited.

JOTTINGS.

Anheuser Busch beer on draught at Jake Becker's. Bill heads, letter heads, cards, etc., neatly, cheaply and promptly executed at the GAZETTE office. Silk, velvet and plush corsets, stamped all plain, for cravat, necktie, at Mass Gibbs', Virginia street. W. Plummer, the Reno druggist, has on sale in quantities to suit married Thistle Dew Whisky for medicinal purposes. If you watch for her gains or losses, take it at once to Richard Hays, who will not let it pass for a reasonable compensation. Hot lunch every day at the John Wieland saloon and bottling works. Sandwiches and Wieland's famous lager by the barrel. There is nothing more exhilarating to a man who is in love than one of J. J. Becker's lunches, with his accompaniment—a good glass of beer. For lead pencils, slates, writing paper, pens, pencils, toys, bird cages and genuine Vermont maple syrup, go to C. J. Brooklin's. George Becker, in the advertising columns, offers to wage \$100 that he can manufacture the best steam beer made or sold in Reno, San Francisco or Sacramento beer not excepted. There is on hand a large quantity of the Yellow tracing cloth, used by surveyors and architects for drawing maps and plans. It is 36 inches wide. Agent for all the leading publications. J. F. Alkon will saw your wood with his steam machine, after which it will be pleasant exercise for you to split it yourself before breakfast these pleasant mornings. Ice delivered to all parts of town. Governor Stevenson is said to favorably impress a bill which to convert into State matters—just as with Bill Hays in the grocery and hardware trade, for you are really interested with the idea that he keeps the best quality and knows how to buy.

BREVITIES.

Local and General Intelligence.

Eighteen prisoners in the county jail. The beef market is dull and inactive in Reno at present. Theo. Winters arrived from San Francisco last evening. Justice Young had but one case—a drunk—before him to day. The people of Battle Mountain complain of a scarcity of mutton. Mrs. Henry Johnson returned from the East Thursday evening. Miss Margaret McIntosh returned this morning from California. The "Red Fox" at McKiesick's Opera House, Monday night. Ten county prisoners are engaged in digging sewer trenches on State street. At 1 o'clock P. M. to-day the thermometer registered 84 degrees in the shade. Henry Northrup has been appointed postmaster at Elba, Sierra county, California. A notice of interest to the ranchers of the Truckee meadows will be found in another column. Mrs. Sarah Heeling, a pioneer resident of Carson, died in that city on the 2d instant, aged 68 years. A three-board plank sidewalk has been laid on the south side of Second street, coming east from Sierra. Kirman & Riekey have purchased the Doc Goodnow ranch in Antelope valley, Mono county, Cal., for \$5,800. Robert Lewis, Secretary of the Nevada Educational Association, returned from San Francisco this morning. Thomas H. Haakins, traveling representative of the Empire Steam Coffee and Spice mills, San Francisco, is in town. The Ward Land and Battle Company shipped five carloads of beef cattle this morning to Hayes, Carrick & Co., Oakland. The Virginia Enterprise gleefully states that "Crest presented a lively appearance last evening." There must have been a couple of strangers in town. Wallace & Peers will shortly remove their store from its present quarters to the store formerly occupied by the First National Bank on Commercial Row. Joe Marzen of Lovelock arrived last evening for the purpose of attending the meeting of the State Board of Agriculture to-day. Twenty persons have died in Kansas City and St. Louis the last few days, the result of excessive heat. Reno climate would command a fabulous price in that section. Carson Tribune: McKiesick's new theater at Reno is the prettiest in the State, the chairs and everything connected with it being in the style of the Baldwin, San Francisco. Cam. Whitehorse came up from the Bay yesterday morning and last evening, accompanied by his wife and child, returned. They will make their future home in the metropolis. Powell Frederick, who went to San Francisco Wednesday evening, is expected to return to-morrow morning, accompanied by his father, I. Frederick, who has been below for medical treatment. General Howard has made an adverse report on the project to establish a military post in Reno, and says that a few years should elapse before a final location of a permanent fort in Nevada is made. In Pioche district, Lincoln county, 12 new mining locations were recorded the last week in July. The activity is due to the prospect of a railroad being built through that region next year. Judge T. D. Edwards of Carson, was a passenger for San Francisco Thursday night, where he was summoned by the alarming condition of his wife's health, she having recently undergone a severe surgical operation. A cloud burst occurred last week at the head of Sugar Canyon, west of Antelope Valley, occasioning much damage to Kirman & Riekey's large irrigating ditches. The Bridgeport Chronicle-Union says it will take \$3,000 to repair the damages. The work of registering voters is progressing slowly. So far Judge Young has administered the oath to about 200, and there are still over 700 voters left. Two years ago the total registration was 986, but this year it is expected that fully 1,100 citizens will sign the register. Dan Rice is the name of an eighteen-year-old tramp now confined in the county jail, who is either crazy or a monumental liar. He claims to be from Omaha, and says he has been to Sacramento where he went to buy a pair of shoes. He will probably be released and started in the direction of his home. "The Red Fox." On Monday evening James M. Ward and his wife, Carrie Clark Ward, will appear at McKiesick's Opera House in Dan O'Connell's beautiful Irish drama, "The Red Fox." Both are Nevada favorites. The talent of Mr. Ward as a delineator of Irish character is unquestioned, and with the strong support which they bring with them, a successful performance is assured. Box-sheet at Naby's Bazaar. Bears and Animals Burned. A barn belonging to Mr. W. H. Spragg, about two miles above Pisen Switch in Mason valley, was destroyed by fire last Sunday. A horse and short-horn bull owned by Wm. A. Cooney and a horse belonging to M. A. Cooney were burned with the building. The fire occurred about 8 o'clock in the morning and is supposed to have been caused by a spark from a tobacco pipe. Why suffer with bleeding, itchy, itching and sore throat, when a few applications of Dr. F. W. Plummer's "Pain Expeller" will cure you? It is a sure cure for all the above ailments. All genuine Plummer's preparations bear the fac-simile signature of F. W. Plummer.

ACTION AT LAST.

LIVELY MEETING OF THE FIRE DADS.

Removals and Changes Made—Trustee Lindsay Makes a Winning Fight.

The Trustees of the Reno Fire Department held a meeting last evening and performed more work and did more good in the few hours they were in session than has been accomplished before in the past two months. The meeting was not very harmonious, and several times during the evening the discussion became very bitter and personal. To Colonel R. H. Lindsay belongs the credit of forcing the Trustees to action. There was blood in the Colonel's eye, and no sooner would one question be disposed of than he would fire another into the camp. Notwithstanding Messrs. McFarlin and Hyman presented plausible and in some instances logical excuses for the delay experienced in the proper organization of the department and the making of needed improvements, Lindsay's matter-of-fact way of doing business was effective, and every point advanced by him was carried.

It was a lively meeting throughout, and the following account of the proceedings will no doubt be read with interest by those of our citizens who take an interest in fire department matters.

After the minutes of the previous meeting (June 23d) had been disposed of, Trustee Lindsay squared himself for the fray, and asked if the committee appointed to look after the needs of the department, etc., were ready to report.

Trustee Hyman stated that an addition had been built to the engine house on Plaza street, but that owing to the small amount (\$100) appropriated for the erection of a house upon the south side nothing had been done.

Lindsay contended that \$100 was sufficient, and a lively debate ensued, in which Mr. Hyman acknowledged that the delay was due to carelessness. Lindsay followed up the attack by asking if anything had been done by the committee in regard to purchasing a heater. Mr. Hyman was compelled to admit that nothing beyond writing to several firms had been accomplished.

Lindsay then electrified his fellow Trustees by offering a motion to the effect that the report of the committee be accepted and that they be discharged on the ground that nothing had been accomplished and that a change of some kind was imperatively necessary.

This brought Hyman to his feet, and he angrily exclaimed that he didn't want to be discharged. He didn't think it fair to discharge the committee at this stage, and he looked upon the motion of Mr. Lindsay as an insult. He further stated that the Trustees had been handicapped by a lack of funds and as a heater was not imperatively needed at this time, he thought it advisable to wait until money was in the treasury before buying, thereby saving interest for several months.

Mr. Lindsay answered that at the last meeting of the Board a decided agreement was made that certain work should be accomplished by the following Tuesday, but he found from the report that nothing had been done. He was a member of the Board, and did not propose to set as such and allow the Board to monkey with such important matters, and would not be a party to the monkeying. The Colonel concluded by stating "that I am not a figurehead, and don't propose to be one."

Remarks were also made by Commissioners Martin and McFarlin and Chief Engineer Thyes. Finally, after the flow of rhetoric was exhausted, the motion was carried.

After the vote, Commissioner Hyman stated that he had no monkey business except the insulting attacks published in the paper. If the writer of the articles had ever read the ordinance he would never have published them.

This rally was received quietly by the representative of the paper alluded to, but he must confess that he was prompted by a strong desire to leap through a convenient window and escape from the fiery eloquence of the speaker.

Chief Thyes asked Mr. Hyman what he knew about the ordinance and if a sum of money not to exceed \$250 a month was not appropriated by the instrument for the maintenance of the department.

Mr. Hyman denied that the ordinance made any such appropriation, whereupon Mr. Thyes left the room in search of a copy of the ordinance.

Decorum being restored, Mr. Lindsay moved that the Board of Trustees resolve itself into a Committee of the Whole to procure apparatus, make improvements, etc. Carried.

The most destructive bombshell of the evening was the following resolution offered also by Trustee Lindsay: That Charles Corbais and J. L. McFarlin be relieved from duty as engineers of the department, and that Jerry Coughlin be employed from this time forth as Engineer and Steward at a salary of \$75 per month.

Mr. Lindsay said in explanation of his motion that for the salary allowed the engineer could take care of both engines, run one at a fire, and act as Steward, and in case of fire another man could be employed to run the other engine.

A discussion and a tangle ensued, nearly all of the Trustees, including Chairman McFarlin, taking an active part in the debate. In the midst of it all the Chair put the motion, and although two voted aye, and no one voted no, he declared the motion lost. Everyone looked at the Chair in surprise, and finally Mr. Lindsay loudly exclaimed: "Mr. Reporter, make a note of that."

Mr. McFarlin claimed that he was up for the impression that the vote had been properly taken. A debate again ensued, in which Mr. Lindsay briefly but pointedly stated his reasons for offering the res-

olution. He said it was impossible to run a volunteer fire department unless harmony existed. A world of dissatisfaction existed among the boys of the department and he thought it was time the Trustees took some action which would restore good feeling. He also stated that he did not care whom the Board appointed; that Mr. Hyman had first mentioned Mr. Coughlin to him, and that if Mr. McFarlin would resign as a member of the Board of Trustees he would vote for him; but he did not, as a matter of law and policy, think it proper that a person should sit as a member of the Board and at the same time be an employee of the department.

Mr. McFarlin replied that they could not take "the burden off of his shoulders so soon to suit him. If you don't want me I will give it up freely and willingly, and I am willing to hand in my resignation at any time."

Mr. Lindsay said if Mr. McFarlin would resign from the Board he would resign as a member of the Board.

Trustee Hyman was of the same opinion as Mr. Lindsay and stated that a change was imperatively necessary, and that in case of a fire he would be willing for the new engineer to employ Mr. McFarlin to run one of the engines in case of fire.

This did not suit Mr. McFarlin, and he excitedly replied: "You don't get me for any business of that kind."

The question was demanded, and the motion carried, Trustees Lindsay, Hyman and Fogg voting in the affirmative and Trustee Martin in the negative.

On motion, Trustees Hyman and Lindsay were appointed a committee to secure a competent man to run one of the engines in case of fire.

At this juncture Chief Thyes returned with a copy of the fire ordinance which he read, and the report of the committee appointed at the citizens meeting to confer with and recommend to the County Commissioners in regard to the organization of the department.

[All of which was the basis for the articles in the GAZETTE complained of by Trustee Hyman, and which conclusively proved that the arguments advanced by this journal were in accordance with the action of the Board of County Commissioners of which Mr. Hyman is Chairman.]

The Chief made some pertinent remarks in regard to the needs of the department which bore good fruit. Trustee Lindsay said that some action should be taken relative to appropriating money for the benefit of the department. The boys didn't want the money at the present time, and would be satisfied if they had some assurance that the money would be forthcoming when needed. He therefore moved that each of the companies be allowed \$20 from the time of organization, the money to be paid when the county treasury was replenished. Carried.

In regard to the position of the Chief Engineer, and the duties of his office, Mr. Lindsay asked for information. He wanted to know, in case of accidents, destruction of apparatus, etc., who would be responsible, and said it seemed to be the desire of the Trustees that the Chief Engineer should not have control of the property except at a fire. He considered that was a rank injustice to place the Chief in such a position.

Chief Thyes believed that the Chief of the department should have complete control of the property and men. As yet nothing had been turned over to him; he did not know what property belonged to the department, and was powerless to take any action looking to its improvement.

Trustee Martin believed that the position taken by Messrs. Lindsay and Thyes was a good one and moved that the Chief Engineer be given control of the department, apparatus, etc. Carried.

A petition from Alert Hose No. 3, asking to be admitted into the department, was read and ordered placed on file until the next meeting.

The following bills were read and allowed: Manning & Jaques, \$3.89; J. L. McFarlin, \$37.75; J. McDonald, \$4.00; Reno Gas Company, \$1.40; Reno Water Company, \$20; J. E. Lenderman, \$3.00; Engineers McFarlin and Courtois, \$60.

By this time the Trustees were in a peaceful mood, being exhausted by their forensic efforts, and a motion to adjourn until Friday evening, August 17th, was put and carried with alacrity.

Anheuser Busch Beer.

Jake Becker has just received an invoice of the celebrated Anheuser Busch beer direct from the St. Louis brewery, and to-morrow will celebrate its arrival by giving his patrons a fine roast pig lunch. Anheuser beer is recognized the world over as being the best beer brewed, and Jake has certainly made a "ten-strike" in importing it.

Fig Leaf Attire.

In writing of the Rents-Stantley Company, San Davis glows over anticipated pleasure as follows: The choice assortment of shapely women will be along here on Wednesday next. They will play that sterling old society dress of cream and Eve in their original costume, assisted by twenty-four young ladies in fig leaf attire.

State Land Office.

During the week ending August 3d, five applications for State land were filed, embracing 1531.20 acres. Cash receipts were: Payments on application, \$432.80; payments on contracts, \$315.60; interest payments on contracts, \$214.80; total, \$957.20.

Dance To-night.

A social dance will be given at Armory hall this evening under the management of several well-known young gentlemen. An efficient orchestra will furnish the music, and a pleasant evening is assured all who attend.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Hodgkinson & Co.'s Drug Store as their giving away to their customers of so many of the bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Whooping Cough, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

Coughs, Whooping Cough, Sore Throat, etc., quickly relieved by Dr. King's New Discovery. A simple and safe remedy for all these ailments. Sold only in bottles, and only in boxes.

STATE FAIR MATTERS.

Meeting of the Board of Directors To-day.

A meeting of the Board of Directors of the State Agricultural Society was held to-day, and the following gentlemen were present: Theo. Winters, C. C. Powning, P. H. Mulcahy, L. J. Flint, Al. White and Joe Marzen.

BOWMAN SAT UPON.

A communication from S. W. Bowman relative to the old State Fair grounds was read and discussed, and on motion the following resolution was unanimously passed:

Resolved, That the proposition of S. W. Bowman be respectfully declined for these reasons:

1. The Board is of the opinion that it is far better to have the new Fair grounds, with the attendant expense, than the old Fair grounds for nothing.
2. It has heretofore cost the Society about \$1,000 per annum to put the old track and grounds in condition for each year's Fair and in the years to come a sum greater than the entire expense of the new grounds will be saved to the Society and in the end the Society will have a valuable property.
3. This Society is under no moral or equitable obligations to Mr. Bowman. It is in no sense the successor of the Nevada State Agricultural Mining and Mechanical Society either as to assets or liabilities. It never borrowed any money from Mr. Bowman, and has had no financial transactions with him except to pay him \$500 for rent for each of the years 1886 and 1887.

The Secretary announced that the following races were filed: No. 2, running, three-quarters of a mile, two-year-olds (foals of 1886), entries, b. f. Ogilena, c. f. Auxilia, by S. Hall & Whalen, c. Deser, c. Joe Courtney, c. Don Jose by Theodore Winters, b. g. "G. W.," by G. W. Trahern, Little Phil by T. Bailey and Almont by William Murray; No. 16, running, one mile, two-year-olds, (foals of 1886) same entries.

Theodore Winters announced that he would give a special purse of \$150 for a twenty-mile race, five horses to be used by each contestant, five to enter, entrance fee \$10.

The Chair appointed Messrs. Sweeney, Powning and Flint Stewards, whose duty it shall be to have charge of the races etc.

The Society resolved to award a special prize of \$50 for the best cabinet collection exhibited at the pavilion.

The Secretary was instructed to advertise for bids for bar, cigar, restaurant privileges, etc.

Other business of minor importance was transacted and the Board adjourned to meet on the 20th instant, when the final arrangements relative to fair matters will be considered.

District Court Proceedings.

The District Court was in session to-day and the following business was transacted:

The demurrer in the case of Fogus vs. the Reno Electric Light Company was overruled and defendant given ten days to answer.

In the case of Holcomb vs. DeLuchi the demurrer to the complaint was withdrawn and defendant given ten days to answer.

In re contempt case of Michael Callahan et al. for an alleged violation of an injunction granted on petition of George S. Smith restraining the first named from using the waters of a certain creek, the Court found the defendants, Michael and James Callahan, guilty and imposed a fine of \$50 on each.

For First Place.

A great amount of political engineering will be done by friends of candidates to secure for their man the first place on the ticket, and the best man will probably secure the coveted place. Then if endorsed by the majority of the people, the election is assured. Electric Bitters has been put to the front, its merits passed upon, has been endorsed, and unanimously given the first place among remedies peculiarly adapted to the relief and cure of all Diseases of Kidney, Liver and Stomach. Electric Bitters being guaranteed, is a safe investment. Price 50c, and \$1 per bottle at Hodgkinson & Co.'s Drug Store.

Sipped in the End.

Is it not better to nip consumption, the greatest scourge of humanity, in the bud, than to try to stay its progress on the brink of the grave. A few doses of California's most useful production, SANTA ABLE, the King of Consumption, will relieve, and a thorough treatment will cure. Nasal Catarrh, too often the forerunner of consumption, can be cured by CALIFORNIA GAT-RE-CURE. These remedies are sold and fully warranted by O'Brien & Shoemaker at \$1, or three for \$2.50.

Irritation of the Throat and all lung troubles are quickly relieved and permanently cured by Freres' Alesine cough Balm. It cures all Croup, Whooping Cough, Sore Throat, and all genuine Alesine preparations bear the fac-simile signature of D. F. Fryer.

ROYAL

ROYAL BAKING POWDER. Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and it is sold in competition with the best in all of low cost, short weight and inferior quality. Sold only in pure white, and only in boxes.

For sale by all dealers. Beware of cheap imitations. Sold only in boxes.

For sale by all dealers. Beware of cheap imitations. Sold only in boxes.
